

# MES ASMABI COLLEGE, P VEMBALLUR CAMPUS DEVELOPMENT POLICY

## Scope of the Policy

Campus development is a strategic process that uses a healthy planning framework designed to deliver the college's strategic outcomes. This policy supports infrastructure developments in the college premises while adhering to the college's Mission and Vision.

## Campus Development Policy

MES Asmabi College is committed to create develop, provide and maintain necessary infrastructure in all the domains and also committed to provide all possible modern and essential amenities and infrastructure for all the stake holders. Establishing and maintaining a well-developed infrastructure is very important for any institutions of higher learning

The policy covers the following domains.

1. General development
2. Infrastructure for teaching, learning and evaluation
3. Infrastructure for research, consultancy and extension
4. IT Infrastructure
5. Hostel infrastructure
6. Others

MES Asmabi College from the inception and also during its 50 years of journey has been established as a premier institution. Hence, self-sufficient and modern infrastructure for education and training shall be created, maintained and upgraded periodically.

- MES Asmabi College will establish exclusive research centers in advanced research area in Marine and Maritime studies and vocational studies
- MES Asmabi College is committed in creating, maintaining and upgrading advanced training infrastructure for students and cadets such as Ship in campus and full mission ship simulator for their curriculum based hands on training
- MES Asmabi College is committed to establish, maintain and upgrade various sports and recreations facilities such as swimming pool, gyms, play grounds etc.

However, MES Asmabi College is committed to establish and further strengthen the infrastructure in the following aspects

- A. **Sporting facilities:** A good college will ensure that there are facilities in place for students to exercise their bodies as well as their minds. Hence, MES Asmabi College shall establish swimming pool, gyms, indoor sports courts, outdoor sports courts, outdoor sports pitches and full-time staff.
- B. **Medical facilities:** College shall establish a fully functional medical center with qualified doctors on service.
- C. **Residential facilities:** Facilities shall be made for the residential support for faculty members and research scholars as well. Separate hostel facilities shall be made in service for international students. Guest houses may also be established to make residential requirements of visitors, guests and others.
- D. **IT infrastructure:** IT infrastructure once been considered as an advanced facility has now become an essential facility; thanks to the technology advancements and the role of IT infrastructure in teaching and learning. MES Asmabi College is committed in maintaining a 1:2 student computer ratio. MES Asmabi College shall establish a fully functional IT Support Center with well qualified technical staff. College will be richly provided with Wi-Fi and 24 h internet connectivity. College shall establish and improve many smart class rooms and other e-learning resources.

E. **Library facilities:** Even in this IT era, books and library are remaining unquestionable resources of teaching and learning both for academics and research. MES Asmabi College shall create a state of the art Library which harbors facilities such as OPAC Facility, Digital Knowledge Centre, Audio-Visual Room, Air-conditioning Reading Hall, Reprographic and scanning Facilities, Scanning Facility etc. Library shall be appropriately strengthened to have a separate section for Digital Library to facilitate the access of electronic databases subscribed by the institution. The College shall subscribe electronic databases apart from the journals available on Open Access platform.
