Career Guidance Programme - Career pathways in Fisheries On 7th January 2022 at 10.00 am
Time: 10.00 am Welcome: Dr. Sayana K. A., Head, Dept. of Fish Processing Technology,
MES Asmabi College, P. Vemballur Presidential address: Dr. A. Biju, Principal, MES Asmabi
College, P. Vemballur Presentation Topic: Career pathways in Fisheries Resource Person: Ms.
Vaishna P. U., PSC Coaching Centre Trainer Vote of Thanks: Smt. Ujjwala Navas, Assistant
Professor, Dept. of Fish Processing Technology, MES Asmabi College, P. Vemballur

Description

A carrier guidance programme has been arranged for BVOC Fish Processing Technology students, 'Career pathways in Fisheries'. Ms. Vaishna P. U., who is a postgraduate in Industrial Fisheries and who has been listed in different PSC rank lists was the resource person. She is part of few PSC coaching centres in online and offline mode. She elaborated to students about the career opportunities after being a graduate in the field of fisheries. Her emphasis was on 'how to face and crack different PSC exams' especially fisheries department exams. At the end of the session students came up with their doubts and the resource person give clarifications on it.

| From Date | : 2021-12-22 | To Date | : 2021-12-22 |
| Category | : Orientation | Event Type | : Recent |

Agenda

1. Induction Programme for freshers batch. 2. Awareness on career and higher studies avenues in aquaculture and allied sectors.

Description

The Resource Person, Dr. Anvar Ali took over the key note session for 3 hours which also included an interactive session of 45 minutes. He explained about the various aspects of aquaculture. 'One fish can make your life' was his punch line. Instead of blaming the course about joblessness, students should try to study atleast one fish in depth and find their livelihood from it. About the 36,000 species available only 20 fishes are being bred in Kerala. There are many more out there waiting to be studied. Sir explained the various modern techniques that were being used to identify and classify fishes including CT scans. The origin of scientific names like Etroplus suratensis with its roots in Surat made taxonomy interesting to the beginners. The session was concluded at 2pm with rich feedbacks from the students. Sir also agreed to help out the students regarding their research interests
