Introduction

The Alumni Association of M.E.S Asmabi College is unique primarily because of the distinct culture it upholds from its very inception. The omnipresence of the alumni association in all the activities of the college is one among several distinct features of the association and a special privilege of the college also. Whether it is academic, non-academic, or a society oriented programme, the support and involvement of the alumni association is inevitable and ever present.

Although alumni associations are formulated to foster and enliven relationships with former students, our alumni association is uniquely distinct in the level of performance and supporting mechanism it provides to the student community and the immediate society it is part of. Where and when an immediate redressal is necessary alumni association is always in the front.

The association is registered under the 12th Travancore- Cochin Literary, Scientific and Charitable Societies Registration Act, 1955 on 22nd November, 2017 with registration number TSR/TC/680/2017. The Institution maintains its alumni network through the association and also through individual department alumni associations by organizing alumni meetings, annual family meets, classmates' family meets, their visits to the college and also through college website.

Even during the pandemic, we managed to hold the Family Meet virtually. Although we know that virtual events cannot replace real-life gatherings, it was still a unique experience. Many of our alumni from different parts of the world and India were able to attend. The Family Meet has always been held on our campus, and this year marks the 21st anniversary of the event.

Departmental Alumni Associations and Their Collective Efforts

Each department has its own alumni association, and their yearly general meetings are conducted regularly. The parent organization works hand in hand with all departments to achieve their shared objectives.

Batch Level Alumni Meet

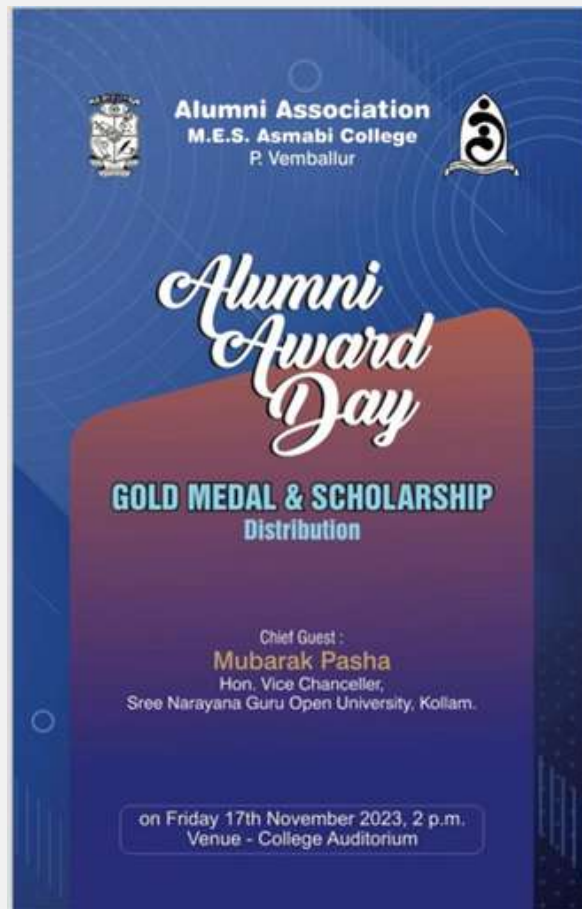

Reunions among classmates after long periods of time have become commonplace, and our college is no exception. Each year, numerous such reunions take place, and the Association supports and facilitates them in every possible way. Our college has over 23 social media chapters, which are not only dedicated to promoting social activities but also engage in charitable causes. The parent organization provides unwavering support to these initiatives by participating in all their activities. The Association has selected two representatives from each group to join the executive committee of the parent body to ensure coordination between the parent organization and the different classmate groups.

Honouring Prominent Alumnae & Faculties

Every AlmaMator takes pride in its Alumni holding highly respectable and prominent positions in society. The number of different chapters of Asmabi Alumni in Kerala & Abroad shows the prominence Asmabi Alumni gained all over Kerala & abroad. In the Golden Jubilee year college Management honoured fifteen of the prominent Alumni in Kerala & abroad.

PLACEMENT AND INTERNSHIP

One method the Alumni Association employs to promote institutional distinctiveness is by offering alumni networking opportunities. The association recently arranged a campus placement drive and internship for students, with 20 participants selected for Placement & Internship. By linking alumni with one another and with current students, the association fosters a strong sense of community and loyalty to the institution. This is particularly important in attracting prospective students and donors, as alumni who have a deep connection to their alma mater are more likely to speak positively about it to others.
