Industrial Visit & Outbound Training Report 2022-2023

Department of Commerce and Management Studies

BBA Second Year

The Industrial Visit and Outbound Training conducted from April 25th to April 27th, 2023, proved to be a transformative experience for the 60 participating students. Centered around the Malayalam Tea Factory in Wayanad, the industrial visit provided a firsthand look into the intricate processes of tea production. From cultivation to processing, students gained practical insights into the nuances of the industry, fostering a deeper appreciation for the challenges and innovations therein. The visit facilitated direct interactions with industry professionals, creating a bridge between theoretical knowledge and real-world applications.

Concurrently, Mr. Jayaprakash Balan's training sessions during the outbound program were instrumental in honing the students' teamwork and leadership skills. Through engaging modules, participants were guided in developing effective communication, problem-solving, and decision-making abilities. The training extended beyond the theoretical realm, incorporating outdoor team-building activities that instilled a sense of collaboration and trust among the students. Mr. Balan's wealth of experience and insightful guidance further enriched the sessions, providing students with practical tools applicable to both professional and personal spheres.

Feedback from participants reflected a high level of satisfaction, underscoring the program's success in achieving its objectives. The Malayalam Tea Factory visit and Mr. Jayaprakash Balan's training not only imparted industry-specific knowledge but also equipped the students with valuable skills, preparing them for the challenges of their academic and professional journeys. The program stands as a testament to the importance of bridging classroom learning with hands-on experiences to nurture well-rounded and capable individuals.
