Department of Physics

National Webinar on "X-ray and its Research Applications"

Date : August 4, 2020

Time : 10:30 AM to 12:45 PM

Venue : Department of Physics, MES Asmabi College, P Vemballur, Kodungallur,
Thrissur District, Kerala

Introduction

The National Webinar on "X-Ray and Its Research Applications" was organized by the Department of Physics at MES Asmabi College, Thrissur, Kerala. The webinar aimed to provide a platform for participants to explore the applications and significance of X-ray technology in research and various scientific domains. It brought together experts and scholars in the field to share their insights and knowledge with the attendees.

Program Highlights:

1. Welcome Speech (10:30 AM):

Dr. Sheena PA, Head & Associate Professor, Department of Physics, warmly welcomed the participants, setting the tone for the event.

2. Presidential Address (10:32 AM):

- Dr. A Biju, the Principal of MES Asmabi College, delivered a presidential address, underlining the importance of the webinar and encouraging academic endeavors in the field of X-ray research.

3. Inaugural & Keynote Address (10:35 AM):

- Dr. Sarun PM, an Assistant Professor from the Department of Physics at IIT Dhanbad, presented the inaugural address and delivered a keynote speech. He shared valuable insights into the applications and relevance of X-ray technology in the world of research. Dr. Sarun has been working in the field of X-rays for last 13 years and he made an affluent presentation on the topic "X-rays and its research applications" for the participants of the webinar. Starting with the discovery of X-rays, Dr Sarun went through the general properties and applications, to the extra- galactic sources of x-rays and then finally settled at the research applications. The talk prolonged for nearly two hours which was followed by an effective interaction from the side of participants.

4. Interaction with the Resource Person (12:30 PM):

- Following the keynote address, there was an interactive session with Dr. Sarun P.M., providing an opportunity for participants to ask questions and engage in discussions related to X-ray research.

5. Vote of Thanks (12:45 PM):

- Dr. Sheeba NH, Coordinator & Associate Professor in the Department of Physics, delivered the vote of thanks. She expressed gratitude to the speakers, participants, and organizers for making the event a success.

Conclusion:

The National Webinar on "X-Ray and Its Research Applications" was an informative and enlightening event. The participants gained insights into the various research applications of X- ray technology. The program fostered collaboration and knowledge-sharing among experts and scholars in the field, contributing to the growth of scientific research in the region.

Out of 200 registered, nearly 180 participants attended the webinar that included both students and teachers from various colleges within our state with few from outside India E-certificates

for the participants were distributed online immediately after the webinar. From the feedback of the participants, 90% commented that the webinar as very useful and informative for them.

Acknowledgments:

The success of this webinar was made possible by the dedicated efforts of the organizers and the participation of the speakers and attendees. The commitment to advancing knowledge in the field of X-ray research is commendable, and we look forward to more such informative events in the future.

DEPARTMENT OF ECONOMICS
Introduction to Software (SPSS and MS Excel) in Research Process

Title of the Program : Introduction to Software (SPSS and MS Excel) in Research Process (Online Mode)

Name of the Coordinator : Smt. Dhanya K, Assistant Professor, Department of Economics Organizing Department/Cell: Department of Economics

Date of the Program : September 24, 2020

Number of Participants : 58

Resource Person/s :Dr. Shabeer K. P, Department of Economics, M.S. Govt College, Kodencherry, Kozhikode

Program Objectives:

The program aimed to introduce students to the use of software tools, specifically SPSS and MS Excel, in the research process. It aimed to enhance their knowledge and skills in data analysis and manipulation.

Program Participants:

All final year undergraduate students actively participated in the webinar.

Report of the Program:

The Department of Economics organized a workshop titled "Introduction to Software in Research Process (SPSS and MS Excel)" on September 24, 2020. The formal inauguration of the webinar was conducted by Dr. A. Biju, the Principal of MES Asmabi College. The event commenced with a warm welcome by Smt. Dhanya K, Assistant Professor in the Department of Economics. Jeena P. M, the Head of the Department of Economics, presided over the function. The workshop featured a comprehensive session led by Dr. Shabeer K. P from the Department of Economics at M.S. Govt College, Kodencherry, Kozhikode. The program targeted all final year undergraduate students who actively participated in the webinar.

Program Outcomes:

1. Enhanced students' understanding of the practical applications of SPSS and MS Excel in the research process.
2. Improved students' skills in data analysis and manipulation.
3. Equipped participants with valuable tools for conducting research effectively.

Feedback and Evaluation:

The program received positive feedback from the participants, who found it to be highly informative and useful in enhancing their research skills. The session conducted by Dr. Shabeer K. P was particularly valuable in imparting practical knowledge.

DEPARTMENT OF PSYCHOLOGY
Webinar on Advanced Remote Learning in & Post-Pandemic Era

Title of the Program : Webinar on Advanced Remote Learning in & Post-Pandemic Era

Name of the Coordinator : Ms. Kavary B.J, Assistant Professor, Department of Psychology,

Organizing Department/Cel l: Department of Psychology, MES Asmabi College, in association with the Internal Quality Assurance Cell (IQAC)

Date of the Program : July 25, 2020

Number of Participants : 65

Resource Person/s :Mr. Muhammed Sabih, Clinical Psychologist, DMHP, Malappuram

Program Objectives:

The webinar aimed to address advanced remote learning practices in both the pandemic and post-pandemic era. It provided insights into faculty well-being, psychosocial considerations, digital shifts, consequences, technologically advanced learning patterns, student habits, impacts, and insights

Report of the Program:

The Department of Psychology at MES Asmabi College, in collaboration with the Internal Quality Assurance Cell (IQAC) of the college, organized a webinar on July 25, 2020, from 9:00am to 11:00 am. The central theme of the webinar was "Advanced Remote Learning in & Post-Pandemic Era." The event commenced with a welcome speech by Ms. Sangeetha P.S, Head of the Department of Psychology, followed by an inauguration by Dr. A. Biju, the Principal of MES Asmabi College. The first session, conducted by Mr. Muhammed Sabih, was titled "Faculty Well-being and Psychosocial Considerations in Covid Era: Digital Shifts and Consequences." The second session, led by Mr. Lathif Penath, focused on "Technologically Advanced Learning Patterns and Student Habits in the Covidian Period: Impacts and Insights." Each session included a query segment, allowing participants to interact with the resource persons and gain further insights. A feedback session was conducted by Dr. K.P. Sumedhan, Director of Self-Financing Courses, and Dr. Asma V.M, Vice Principal of MES Asmabi College. They discussed the overall understanding of positivity and insightful thoughts, the stress levels experienced by teachers, the productive learning of students through online platforms, and the relevance of the topic in the current situation. Dr. Shafeer P.S, the IQAC Coordinator of MES Asmabi College, delivered the vote of thanks.

A feedback form was distributed among participants, and an E-Certificate was provided to all attendees.

Program Outcomes:

The program enhanced understanding of advanced remote learning practices and their impacts on both faculty and students, increased awareness of faculty well-being and psychosocial considerations in the digital learning environment and provided valuable insights into the challenges and opportunities presented by remote learning during and after the pandemic.

Feedback and Evaluation:

The program received positive feedback from the participants, who found it informative and insightful. The feedback form also indicated a very positive response from the attendees.

Max no.of students	: 100
Duration of Course	: 48 Hours(20T+28L)
Level	: UG/PG
Teaching Methodology	: Group work,Individualwork,Labwork,Direct Teaching

Curriculum

Objectives:

- To enable students familiar internet and online documentation and image editing tools
- To equip students to acquire basic knowledge in office automation tools

BASICS OF WEB DESIGN AND MS OFFICE

Unit I (3T+2L)

Introduction to web design, Golden rules of web design,Basic structure of HTML,CreatingHTMLdocument.

Unit II(7T+9L)

HTML tags,Elements of HTML,Introduction –working with text-working with lists,Tables,hyperlinks,image and multimedia,concept of CSS

Unit III(6T+8L)

Documentation using word processor, Creating and editing document, Formatting document, Page formatting, mail merge, Tables, Printing, Template

Unit IV(2T+6L)

Electronic spread sheet(Open Office Calc/MS-Excel)-Introduction to spread sheet, creating and editing worksheet, Formatting and Essential Operations, Formulas and Functions, Charts, Advanced features-pivot table and pivot chart, Linking and Consolidation.

Unit V(2T+3L)

Power point Presentation: Creating, Manipulating and enhancing slides, Organizational charts, WordArt, inserting animated pictures.

Recommended Reading:

Certificate Course: Basics of Web Design and MS Office

Report & Course Outcome

The Certificate Course Basics of Web Design and MS Office (MESACCC202027) started on 1st August 2020 in two batches for 1st, 2nd and 3rd year UG students. Due to Pandemic situation all sessions of the course were conducted online. The time was scheduled according to the convenience of the students as regular classes are also conducting online at the time with a duration of 1 ½ Hrs. The lab works are also done using online tools. The first batch started on 1st August 2020 and was completed on 30th September 2020. The second batch was commenced on December 14, 2020 and came to an end on 21st January. A diagnostic test was conducted at the starting to know the knowledge level of the students, and according to that analysis we arranged the course. After the completion a final test was conducted and all the students secured good score in the test. Certificate were issued for all 85 students after the course as they passed the examination and secured more than 80 % of the attendance. The course feedback is that the students can do their online tasks given by the teacher in a better way.
