WEBINAR SERIES ON
FROM RESEARCH TO PUBLICATION

24 JUL - 6 AUG 2021

ORGANIZED BY
INTERNAL QUALITY ASSURANCE CELL & PG DEPARTMENTS

HIGHLIGHTS:

Date: 10th to 14th MAY 2021

Total number of participants: 87

Resource Person: Dr.Simon Thattil

HOD, Department of Commerce, University of Kerala, Trivandrum

Overview of the Training Programme

MES ASMABI College, in collaboration with its Internal Quality Assurance Cell and PG Departments, conducted a comprehensive webinar series titled "From Research to Publication" from July 24, 2021, to August 6, 2021. The series aimed to provide valuable insights and guidance to researchers and academicians on the process of writing, publishing research articles, and maintaining high research standards.

Day 1 - July 24, 2021

Focal areas discussion-based workshop: Writing and Publishing Research Articles in CARE-listed and International Journals.

The program began punctually at 10:00 AM, with Dr. Shafeer P S, the IQAC Co-coordinator, offering a cordial welcome to the respected resource person and the eager participants. Dr. A Biju, the Principal, then took the opportunity to express appreciation to both the attendees and the distinguished speaker.

Dr. Simon Thattil delivered an enlightening session on the importance of selecting the right journals for research articles. He discussed the significance of publishing in CARE-listed and international journals, shared effective manuscript preparation strategies, and elucidated the peer-review process. Participants left with a clearer understanding of the path to successful research publication. In his session he gave a clear insight about how to understand a care list journal, its role in ensuring publication integrity, and how it benefits both authors and the research community etc. He also emphasized the importance of selecting a suitable journal that aligns with the research topic and scope, and the CARE listed status. He also provided guidance on using resources like the UGC-CARE website to identify journals on the list. The speaker discussed the critical role of ethics and integrity in scientific research publication. He underlined the need for transparency, honesty, and rigor in all stages of research, including data collection, analysis, and reporting. He also added that ethical guidelines and research integrity principles is vital to maintain the credibility and trustworthiness of the scientific community.

Day 2 - July 28, 2021

Focal areas discussion-based workshop: The strive for quality science research publication

The second day of the training program commenced on July 28. The IQAC Co-coordinator, greeting the recognized resource person and the interested participants. The Principal, Dr. A Biju, then took the opportunity to thank both the attendees and the illustrious.

Dr. Jos T. Puthur engaged the audience with a compelling discussion on the pursuit of excellence in science research publication. He emphasized the importance of conducting high-quality research, maintaining ethical standards, and ensuring credibility in the field of botany. Attendees left with a renewed commitment to producing top-notch research.

Dr. Puthur began his presentation by emphasizing the paramount importance of quality in science research publication. He stressed that quality research not only advances scientific knowledge but also shapes the reputation of researchers and institutions. High-quality publications contribute to the growth of scientific fields and are a testament to the credibility of researchers. The speaker discussed the critical role of ethics and integrity in scientific research publication. He underlined the need for transparency, honesty, and rigor in all stages of research, including data collection, analysis, and reporting.

Day 3 - July 29, 2021

Focal areas discussion-based workshop: X-ray Diffraction - Good Analysis Practice

Dr. Shibu Eapen delivered a comprehensive presentation on the importance of good analysis practices in X-ray Diffraction (XRD). This report summarizes the key points and insights shared during the presentation, highlighting the significance of following best practices in XRD analysis. His presentation provided valuable insights into the essential steps and considerations for obtaining accurate and meaningful results in XRD. By emphasizing the importance of instrumentation, sample preparation, data quality, and appropriate analysis methods, the speaker conveyed the significance of adhering to good practices in XRD analysis. Researchers and professionals in various fields can benefit from implementing these practices in their work, ultimately leading to more reliable and robust scientific outcomes.

Day 4 - July 30, 2021

Focal areas discussion-based workshop: Blueprint of How to Get Published

The fourth day of the training session started on July 30, 2021. The authorized resource person and interested participants are welcomed by the IQAC Co-coordinator. Then, Dr. A. Biju used the occasion to express his gratitude to the prominent guests and attendees.

Assistant Professor Dr. Vipin Valiyattoor gave an informative lecture on the blueprint for getting published. This paper highlights the essential techniques and actions presented during the presentation to help academics, researchers, and aspiring authors publish their work.

Dr. Vipin Valiyattoor's presentation on the blueprint for getting published offered valuable guidance to academics, researchers, and aspiring authors. The presentation covered essential steps from selecting the right journal to understanding the submission process, ethical considerations, and strategies for successful publication. By following these strategies and staying persistent, researchers can increase their chances of contributing their work to the academic and scientific community. The presentation served as a valuable resource for those aiming to navigate the complex world of academic publishing with confidence and success.

Day 5 - August 2, 2021

Focal areas discussion-based workshop: X-ray Diffraction - Good Analysis Practice

The fifth day of the training program commenced on August 2nd, 2021. The IQAC Co-coordinator, greeting the recognized resource person and the interested participants. The Principal, Dr. A Biju, then took the opportunity to thank both the attendees and the illustrious.

Dr. K Jafar, an accomplished academic, discussed the nuances of academic writing and publishing. He highlighted effective writing techniques, proper citation practices, and the significance of clarity and coherence in research papers. Attendees left with improved academic writing skills and a deeper understanding of publishing requirements.

Dr. K. Jafar's presentation on Academic Writing and Publishing provided a comprehensive overview of the key principles and strategies necessary for success in the academic publishing world. From understanding the academic landscape and the writing process to ethical considerations and manuscript preparation, the presentation offered a valuable guide for both novice and experienced scholars. By following these insights and continually improving their skills, academics and researchers can increase the likelihood of effectively contributing to their fields through publication. The presentation served as a valuable resource for those looking to navigate the complexities of academic writing and publishing with confidence and excellence.

Day 6 - August 6, 2021

Focal areas discussion-based workshop: Blueprint of How to Get Published

On the final day of the program, August 6th 2021, participants were greeted with a welcome speech by Dr. Shafeer P S, the IQAC Coordinator, setting the stage for a crucial session on Financial Management that commenced at 10:00 AM.

Dr. Kshamata Chaudhary provided valuable insights into the entire research journey, from conceptualization to implementation. She stressed the importance of formulating clear research objectives and designing effective research methodologies in the context of English studies. Participants left with a solid foundation for successful research endeavors.

"From Research to Publication" webinar series offered a rich and diverse learning experience for participants across various fields of study. The sessions, led by esteemed speakers, provided practical knowledge and strategies to excel in research and publication endeavors, fostering a spirit of excellence among the academic community.
