0	0	0

Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	The learning management system Moodle, that was purchased during the pandemic period was utilized during the offline classes to share notes and other materials. It enabled the teachers to complete the syllabus within the stipulated time without causing delay in the academic calendar. Teachers in the college always complete the syllabus before time so as to ensure time for revision and remedial classes. The Timetable Committee that comprises of two faculty members prepared a detailed timetable which efficiently allocate the time for all academic activities like theory, practical, tutorial, ICT, life-skill, value education etc. Certificate courses and add-on classes are conducted after the regular class. This could easily facilitate a balance between the different types of engagement a student is expected to participate in the campus. The departments strive for effective curriculum delivery through a combination of time-tested and innovative methods beginning with a diagnostic test to check the student's aptitude, existing knowledge and expectations related to the course; and proceeded according to a set of teaching plans based on the academic calendar, that is detailed enough to cover the available timeframe. At the same time there is flexibility to accommodate timely changes. The teaching plan consists of detailed apportionment of the syllabus among all the faculties of a particular department. It is done democratically through discussion and deliberations among faculties in departmental meetings. Tutorials, class tests and internal assessments comprise the formal evaluative processes. The students are encouraged to meet faculty members beyond the class hours for clearing doubts and other curricular discussions. Extra hours are devoted to taking remedial classes after completion of internal examinations to bolster preparedness of students before University examinations. Teachers focus on topics frequently asked in examinations during the remedial sessions. Two internal examinations are conducted during each semester and parent-teachers' meeting is conducted after all examinations. Periodic meetings of IQAC help in the progress of teaching learning. Departments conduct meetings with Principal and other forums where progress of the delivery of curriculum are regularly monitored. Since the institution specializes in Arts, Humanities, Science and Vocational subjects to analyze and gain insight into various intricate aspects of their syllabus, much attention is paid to experiential learning like visits to the houses of eminent personalities, museums, prominent literary meets, old age homes etc. The students have exposure to film shows to supplement class room teaching. The college is well equipped with smart class rooms, virtual class rooms, audio-visual and other ICT facilities which are extensively used by teachers in day to day teaching to make delivery of the curriculum attractive, interesting and impressive to students. Interactive teaching is promoted through students' participation in pair work, group discussions, quizzes and seminars. Participatory learning and peer evaluation promotes flexible and personalized learning based on the pace of the learners. Special lectures delivered by eminent scholars on topics related to the curriculum helps to intensify students' learning experience to a great extent. Thus proper planning and strategic approach help to complete the syllabus of all courses and programs.
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	3

Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
