

Annual Report - Swachh Bharath 2020 -21

On January 12, 2021, an awareness class was conducted for final year economics students focusing on personal and environmental cleanliness. The session aimed to educate students on the importance of maintaining personal hygiene and preserving the environment. Various topics such as proper waste disposal, water conservation, and cleanliness habits were discussed. Practical demonstrations and interactive discussions were utilized to engage the students effectively. Through this initiative, students were encouraged to adopt responsible behaviors towards personal hygiene and environmental stewardship. The awareness class served as a platform to promote healthy habits and instill a sense of responsibility towards maintaining cleanliness in both personal and communal spaces.
