Report of the Modern Energy and Waste Management Project 2023-24

On 14th July 2023, a meeting was arranged at MES Asmabi College, P.Vemballur to discuss the importance of waste management and global warming in which Mr. C L Anto, chairman of NEWSKO Ltd claimed as NEWSKO Ltd is the only Kerala state-level Cooperative Society established for modern energy and waste management in the country. The meeting was also participated by Dr A Biju college principal, Dr. Princy Francis National Service Scheme Programme Officer of the college, Mr. Mohammed Areej Head of the Department of Biochemistry, and other officials from NEWSKO Ltd namely Mr. Aravindashan K R and Mr T V Thomas.

To start with, Mr C L Anto explained the fund requirement and various aspects of the project such as waste management, power production and distribution, and collective farming, thereby yielding more communal harmony. Then Dr. A Biju college principal showed concern about financial scarcity for implementing the project.

The following requisites of the project had been discussed

- **Adoption of the ward (Tsunami colony, SN Puram Panchayat, the participatory village area of the National Service Scheme(NSS), MES Asmabi College)**
- **Participation of NSS, MES Asmabi College**
- **Finance to be funded by CSR, NGOs, Lions Club, etc**
- **Constitution of a committee**

As a trial and considering the financial constraints, the principal recommended that only one project benefiting directly 5 to 8 families in the Tsunami colony. A field

visit led by Dr. Princy Francis, NSS P O, and leading NSS volunteers with the NEWSKO Ltd officials was scheduled on the same day. The meeting was concluded by deciding the tentative date of the next meeting including the panchayat president, ward member, MLA, MP, Banker, Industry etc.

Report of the field visit at Tsunami Colony on 14-07-2023

As scheduled in the first meeting held on 14-07-2023, a field visit was conducted in the Tsunami colony, SN Puram panchayat on 14-07-2023 at 12.30 pm. The officials of the NEWSKO Ltd, Dr Princy Francis NSS PO and leading NSS volunteers were participated in the said visit.

There are 146 houses having 400 square feet with 1.75 cent of land each. The findings are being summarised as follows: The houses were seen dilapidated with roof leaking. All are under poor family having no regular income. Each family spend on an average of Rs800 for electricity and LPG. It is also noted that road facility is enough to reach at all houses in the Tsunami colony.

The main problems found out in the colony are being summarised as follows.

- Only one thumboormuzhi waste management project was operated for these 146 families. Foul smell make the inmates hard to live.

- The people are compelled to throw out the fish and meat wastes to nearby water resource as thumboormuzhi waste management project produces severe foul smell if it is put in it.

- No electric cemetery that makes pollution still more verse

- Commonly people are suffering from asma, itching and skin diseases etc
 - Only 6 public pipes for drinking water facility for 146 families.
- Hence it is concluded that the area is lacking proper waste management system.

The Ministry of Youth Affairs and Sports' "Meri Maati Mera Desh Mathilakam Division Campaign" was successfully organized by the NSS units 95&53 at MES Asmabi College in association with Nehru Yuva Kendra, Mathilakam Division. This event was held in the prestigious MES Asmabi College auditorium on 18th October 2023. The highlight of the day included the Amrit Kalash Yatra and a series of inspirational speeches and activities that brought together a diverse group of 350 enthusiastic volunteers.

The event commenced with the symbolic Amrit Kalash Yatra, which was a demonstration of unity and commitment to the cause. Dr. A Biju, Principal of MES Asmabi College, had the honor of hoisting the rally, marking the beginning of an eventful day. A total of 350 volunteers including dedicated NSS volunteers and program officers from St. Joseph Higher Secondary School, MES Higher Secondary School, and Government Boys Higher Secondary School took part in the campaign. Their active participation was a testament to the spirit of community service.

Sri M. S. Mohanan, the President of SN Puram Gram Panchayat, graced the event as the presiding authority. Smt. Bincy C, District Youth Officer, NYK, extended a warm welcome to the gathering. Dr. A Biju, the College Principal, delivered an engaging introductory speech, setting the tone for the day. Shri E. T. Taison Master MLA inaugurated the function and led the participants in taking the Panch Pran pledge, emphasizing the commitment to the principles of the campaign. Smt. On November 11, 2023, as a part of the National Service Scheme (NSS), we were privileged to host a session featuring the renowned social media influencer and recipient of the Student Farmer Award, Shibili Thasneem. The excitement among participants was palpable as he commenced the session by introducing himself and delving into his notable achievements in agriculture. Beyond being an accomplished farmer, Shibili unveiled his identity as a passionate writer, having authored a multitude of books. The day unfolded into an extraordinary experience as he generously shared his wealth of experience in agriculture, imparting valuable insights into organic farming practices and various innovative approaches. It was an inspiring and enlightening day that left a lasting impression.
