

REPORT ON INDUSTRIAL VISIT

Place of visit: Ramoji Film City

Date: **July 25, 2022 - July 30, 2022.**

The third and fifth semester undergraduate students of Department of B.Voc Digital Film Production visited Ramoji Rao Film City, Hyderabad for a five day study tour starting from July 25, 2022 and ended on July 30. This Industrial Visit to Ramoji Rao Film City was part of the course structure of the second year students. Through this 5 day long Industrial Visit, the students were able to visit the entire Ramoji film city and see the sets of the films from different industries shot there.

The IV was planned to get a learning experience from visiting the film sets of Ramoji film city which abides within their film-making curriculum. The students had the time of their life as fun and education was mixed in the trip.

In the trip **48** Students were ready to board, accompanied with the faculties namely Mynag Suresh (HOD), Amarjith P B, Sachin C S and Liji T M.

The resource people explained the whole production pipeline of the studio. The students were given a live demo made by the professionals at the studio people with a short story line. Videos were also played for an in depth understanding. Students boarded an in-house bus which took them around the Ramoji Rao Film City exploring all the different live outdoor sets made for movie production. The in-built set of films, which includes the set of Bahubali, was a wonder.

The students also witnessed some of the performances of the artists and had a direct experience on production and post production of films. The site seeing at Ramoji gave the students a glimpse of the world of movies.

The students also visited the monumental city Charminar was a wonderful experience in itself. The trip was a huge success among the students.

Outcome:

The students benefited exceptionally from the visit as it opened up a new world of filmmaking. The visits sparked their creativity and inspired them to create b-roll footage for their educational and portfolio purposes.
