- **Challenges facing during online teaching**

1. The Course of the webinar:

The webinar was organised with the aim of focusing the teachers of different subjects in different areas. Online mode was opted for the conduct of the programme due to Covid pandemic related restrictions and associated country wide lockdown.

The programme started at 11.00 AM after admitting all participants by 10.45 AM. The speaker joined the programme from his office. Principal Dr. A Biju inaugurated the meeting and conveyed his best wishes to the programme. Ms. Jabin T H, Head of the Department welcomed the guest and other participants. Dr. Sumaindan K P, Director self-financing courses delivered felicitations.

Dr. John Jose congratulated the faculties from different parts of the country for delivering the teaching in online mode efficiently during the pandemic situation. He started with a captivating and professional slide show on various arenas of teaching sector. Minute details of how to handle a class effectively (both online and offline), time management, teacher-student interaction, some difficulties facing during the online classes, how to use the available resources etc. were discussed.

It is worth mentioning that he gave emphasis on effective teaching techniques which often goes untouched in many webinars. The success stories of noted faculties in India and abroad were shared with the participants with ample back up of presented data. In addition, the segments of different career development techniques in teaching which are still to be exploited were pointed out. Dr. John Jose inspired the faculties by drawing their attention to his own experiences in different sectors of teaching profession.

After a detailed and dynamic presentation the resource person interacted with the faculties for one hour. The session for interaction was meaningfully utilised by the faculties by clarifying their doubts and getting details of many aspects of the focal themes of the webinar.

II. The Outcome:

The webinar and the discussions followed it have the following outcomes:

1. Managing and utilizing the time effectively for the teaching is important.
2. Keep a good relation and interaction with the students is always helpful to empower your profession.
3. Identifying and wisely exploring the opportunities are the key to success in teaching sector.
4. Give importance to innovations wherever and whenever possible from students so as to make fresh start-ups.
5. In-depth scientific knowledge in all areas of our corresponding subjects, professional ethics and honesty are the essential for good teaching carrier.

Ms Anu S, Assistant Professor and Faculty co-ordinator delivered formal concluding remarks and vote of thanks. The resource person Dr. John Jose is a renowned research guide and expert teacher. The department and the college are grateful to him for giving the faculties from different college an opportunity to interact with him and transmitting information about various aspects of teaching.
