Focal areas discussion-based workshop

- **Different opportunities of students in software industry**
- **Challenges facing during the starting of a start up**

I. The Course of the webinar:

The workshop was organised with the aim of focusing the students of Computer Application Department in different areas of software job opportunities .The program was conducted in association with IEDC and IIC

The programme started at 10.30 AM. Principal Dr. A Biju inaugurated the meeting and conveyed his best wishes to the programme. Ms.Chithra P , Nodel officer IEDC welcomed the

guest and other participants. Dr.Reena Mohammed , Vice Principal and Dr.Sumaindan K P, Director self-financing courses delivered felicitations.

Mr. Jose started with a captivating and professional slide show on various arenas of starting challenges and opportunities of software sector. He shared his own experience to build a career in software industry. Minute details of how to start a new firm, time management during our company working , employer –employee interaction, some difficulties facing during the starting process of an software firm , how to use the available funds from several sources etc. were discussed.

It is worth mentioning that he gave emphasis on effective software professional development techniques which often goes untouched in many webinars. The success stories of noted entrepreneurs in India and abroad were shared with the participants with ample back up of presented data. In addition, the segments of different career development techniques in software industry which are still to be exploited were pointed out. Mr. Jose inspired the students by drawing their attention to his own experiences in different sectors of software industry profession.

After a detailed and dynamic presentation the resource person interacted with the students for one hour. The session for interaction was meaningfully utilised by the students by clarifying their doubts and getting details of many aspects of the focal themes of the webinar.

II. The Outcome:

The webinar and the discussions followed it have the following outcomes:

1. Managing and utilizing the time effectively for building a software job is important.
2. Keep a good relation and interaction with the employees is always helpful to empower your profession.
3. Identifying and wisely exploring the opportunities are the key to success in software sector.
4. Give importance to innovations wherever and whenever possible from students so as to make fresh start-ups.

Ms Anu S, Assistant Professor and Faculty co-ordinator delivered vote of thanks. The resource person Mr. Jose is a renowned entrepreneur and expert software professional. The department and the college are grateful to him for giving the students from Department of Computer Application MES Asmabi College an opportunity to interact with him and transmitting information about various aspects of software development industry.
