**GREEN CHALLENGE – TRASH TO TREASURE CONTEST (06-03-2023)**

As a part of Green Initiative, Department of Fish Processing Technology conducted a contest “Trash to Treasure” aiming to extract innovative ideas to reuse the waste materials. Students from other departments also participated in the programme. 24 students are participated in the programme. Many ideas derived from the waste card boards, bottles, paper, coconut shell etc. Distributed the prize for the first position and participation.

Programme brochure:

The brochure features a blue sky background with a large, faint watermark of a fish. At the top left is the college logo. The text is centered and reads: 'MES ASMABI COLLEGE DEPARTMENT OF FISH PROCESSING TECHNOLOGY as part of GREEN CAMPUS INITIATIVE Organises SUSTAINA @ 23'. Below this, the date, venue, and time are listed. The theme is 'TRASH TO TREASURE CONTEST'. At the bottom, the names and roles of the principal, staff co-ordinator, and student co-ordinators are provided, along with contact numbers for more details.
