**PROGRAMME REPORT**

**GREEN CHALLENGE – TRAINING ON PAPER BAG MAKING (03-03-2023)**

A training programme on paper bag making arranged in the B.Voc. Fish Processing Technology Department on 03-03-2023, Friday at 2.00 to 3.30 pm. The programme was very successful with the participation of the department teachers and 60 students from different stream. Second year student Amithraj K.R. (who is expert in paper bag making, doing business in the field) led the training. Materials were provided for the training. Very good responses obtained from the participants. First product from the training was handed over to Dr. Reena Mohammed, Vice Principal of the College.
