Report on AI Enhanced Teaching and Learning Training at MES Asmabi College

Date and Venue

Date: October 27, 2023
Time: 9:30 AM to 4:00 PM
Venue: Computer Lab, MES Asmabi College, P. Vemballur, PO Kodungallur, Thrissur Dt, Kerala

Participant

The training was attended by Lathif Penath.

Objective of Session

The objective of the session was to provide hands-on training on Artificial Intelligence (AI) Enhanced Teaching and Learning. The training was organized by the Internal Quality Assurance Cell (IQAC) in association with the Research Promotion Council.

Event Summary

MES Asmabi College conducted a comprehensive hands-on training session on AI-enhanced teaching and learning. The program aimed to equip educators with practical knowledge and skills to integrate AI technologies into their teaching methodologies.

The session was facilitated by Amjad Ali E.M., M.Tech, Product Owner at Madhyamam Digital Solution, who served as the resource person. His expertise provided valuable insights into the applications of AI in education, focusing on enhancing teaching effectiveness and learning outcomes.

Key organizers included Dr. Shafeer P S, Coordinator of IQAC, Prof. A. Biju, Principal of MES Asmabi College, and Dr. Dhanya P R, Coordinator of the Research Promotion Council. Participants engaged in interactive sessions, practical exercises, and discussions to better understand the use of AI tools in educational settings.

Conclusion

The training session was highly informative and practical, offering significant insights into AI-enhanced education. Participants, including Lathif Penath, gained a comprehensive understanding of how to incorporate AI tools to improve teaching efficiency and student learning experiences. The successful completion of this training underscores MES Asmabi College's commitment to advancing educational practices through innovative technologies.
