Report on Artificial Intelligence (AI) Enhanced Teaching and Learning Workshop

Date: Friday, October 27, 2023
Time: 9:30 AM to 4:00 PM
Venue: Computer Lab

Organized by:
Internal Quality Assurance Cell (IQAC) in association with the Research Promotion Council

Resource Person:

Amjad Ali E.M.
- M.Tech
- Product Owner, Madhyamam Digital Solution

Overview

The Internal Quality Assurance Cell (IQAC) in collaboration with the Research Promotion Council successfully organized a one-day workshop on "Artificial Intelligence (AI) Enhanced Teaching and Learning" on Friday, October 27, 2023. The event took place in the Computer Lab and ran from 9:30 AM to 4:00 PM.

Agenda

9:30 AM - 10:00 AM:Registration and Welcome

10:00 AM - 11:30 AM:Introduction to AI in Education
- Overview of AI technology
- Current trends and applications in teaching and learning

11:30 AM - 11:45 AM:Tea Break

11:45 AM - 1:00 PM: Hands-on Session: AI Tools for Educators
- Demonstration of AI tools
- Practical implementation in classroom settings

1:00 PM - 2:00 PM: Lunch Break

2:00 PM - 3:30 PM:Case Studies and Real-World Applications
- Success stories of AI in education
- Interactive Q&A session

3:30 PM - 4:00 PM: Conclusion and Feedback
- Summary of the day's sessions
- Participant feedback
- Certificates distribution

Highlights

- Expert Guidance: The workshop was led by Amjad Ali E.M., a seasoned professional with extensive experience in AI and its application in digital solutions. His expertise provided valuable insights into the integration of AI in educational environments.

- Interactive Learning:Participants engaged in hands-on sessions, exploring various AI

tools and their potential uses in enhancing teaching methodologies and learning experiences.

- Real-World Examples: Through case studies, attendees learned about the practical applications and benefits of AI in real-world educational scenarios.

- Participant Engagement:The workshop fostered an interactive environment, encouraging questions and discussions, which enriched the learning experience for all participants.

Feedback

Participants expressed high satisfaction with the content and delivery of the workshop. The hands-on sessions were particularly appreciated for their practical approach, allowing educators to visualize the application of AI tools in their own teaching contexts.

Conclusion

The AI Enhanced Teaching and Learning workshop was a resounding success, providing educators with valuable knowledge and tools to integrate AI into their teaching practices. The event underscored the potential of AI to transform education, making it more personalized, efficient, and effective.
