

DEPARTMENT OF AQUACULTURE

Report on Training Programme: "Orientation on Responsible Fishing and Bycatch Reduction Devices"

Five students from III Year B.Sc. Aquaculture—**Ms. Lenitha Binu, Mr. Prince K P, Mr. Vinmeshkumar K A, Mr. Adithyan Anilkumar, and Ms. Devaganga A S**—attended a five-day training programme titled *"Orientation on Responsible Fishing and Bycatch Reduction Devices"*. The event was organized by ICAR-CIFT, Kochi (Central Institute of Fisheries Technology) from December 16 to 20, 2024, under the Scheduled Caste Sub Plan (SCSP) initiative.

The programme aimed to enhance the participants' knowledge and skills in sustainable fishing practices and the use of bycatch reduction devices. Through a series of interactive sessions, practical demonstrations, and group activities, students gained hands-on experience in innovative fishing techniques aligned with environmental conservation.

A highlight of the event was the *Best Innovative Trap Design Competition*, where **Ms. Lenitha Binu showcased exceptional creativity and expertise, securing the First Prize among the participants**. Her achievement brought recognition to the group and underscored the quality of training provided.

The programme proved to be an enriching experience, equipping students with essential knowledge for promoting responsible fisheries and sustainable practices in the aquaculture sector.

Sd/ Head of the Department

CERTIFICATE

Of Achievement

This Certificate is Proudly Presented To

Sarang K.S. & Lenitha Binu

For Securing **First prize** in the best innovative trap design competition conducted among the participants of the SCSP program "Orientation on Responsible Fishing and Bycatch Reduction Devices" conducted by the Fishing Technology Division of ICAR-CIFT from 16 - 20th December 2024
