# DEPARTMENT OF ECONOMICS

## ABOUT THE DEPARTMENT

The Department of Economics, established in 1981, has been a center of academic excellence for 38 years. The department has played a crucial role in uplifting socially and educationally disadvantaged communities. With a strong commitment to intellectual growth, it aims to expand students' knowledge, improve human capital, and provide a broad understanding of economic theories, particularly focusing on Indian economic issues.

Economics, as a subject, fosters critical thinking and problem-solving skills, enabling students to analyze economic trends and policies effectively. The department ensures high-quality instruction, equipping students with the analytical skills necessary for academic and professional success. It provides a strong foundation for those interested in research, policymaking, and economic development.

With dedicated faculty and a student-focused approach, the department continues to inspire and guide aspiring economists. Recognized as one of the best in the field, it remains committed to academic excellence and student success, making it a premier institution for those seeking a strong foundation in economics.
