

**M.E.S. ASMABI COLLEGE, P. VEMBALLUR**  
**DEPARTMENT OF FISH PROCESSING TECHNOLOGY**  
**REPORT ON INDUSTRIAL VISIT: SLS EXPORTS**

As part of the curriculum for the B. Voc. Fish Processing Technology program, a mandatory industrial visit was organized for third-semester students. This visit aimed to provide practical exposure to the fish processing industry and enhance our understanding of real-world applications in the fishery sector. The visit was conducted on **6th December 2024** to **SLS Exports**, a leading seafood export company located in **Edakochi, Ernakulam**.

A total of **21 students** participated in the industrial visit, accompanied by **two faculty members, Ms. Sabna K.A. and Ms. Sreelakshmi T.P.** The journey commenced from **MES Asmabi College, P. Vemballur, at 8:45 AM**, and we reached **SLS Exports at 10:30 AM**. We spent **two hours** exploring various stages of fish processing and export operations. The return journey concluded with our arrival back at the college at **9:30 PM**.

SLS Exports is a **renowned seafood export company** that plays a significant role in the fishery economy, known for its **wide variety of seafood products** meeting international quality standards. The visit provided us with valuable insights into different aspects of the fish processing industry, including **raw material handling, processing techniques such as cleaning, gutting, filleting, and freezing, quality control measures ensuring hygiene and food safety, packaging and export standards, and sustainability practices focusing on responsible sourcing and waste management**.

This industrial visit was an enriching experience that enhanced our understanding of the fishery sector, export procedures, and industry standards. It provided **practical knowledge** that will be instrumental in our academic and professional growth. Overall, it was a **pleasurable and informative experience**, adding significant value to our curriculum.
