World Environment Day Celebration 2026

Seed Ball Preparation and Distribution Programme

As part of the World Environment Day Celebration 2026, the Department of Botany, in association with the Bhoomithrasena Club, MES Asmabi College, organized a Seed Ball Preparation and Distribution Programme on 12 June 2026. The programme was conducted as a community engagement initiative with the objective of promoting environmental conservation and encouraging public participation in afforestation activities.

The seed balls were prepared by the Third Year Degree students of the Department of Botany under the guidance of faculty members. Seeds of Teak (*Tectona grandis*) and Sandalwood (*Santalum album*) were used for the preparation of the seed balls. The distribution programme was inaugurated by Dr. Sameena Kalathodi, Principal, MES Asmabi College, P.Vemballur. The Principal distributed the first seed balls as a symbolic gesture, emphasizing the importance of community participation in biodiversity conservation and sustainable environmental practices.

Following the inauguration, seed balls were distributed to the IQAC Coordinator and the College Superintendent. Subsequently, the Third Year Degree students distributed the seed balls to members of the local community residing in and around the college premises. The distribution aimed to encourage residents to disperse the seed balls in suitable locations, thereby contributing to the regeneration of green cover and enhancing local biodiversity. The programme successfully created awareness among students and community members regarding the importance of tree conservation and ecological restoration.

Adopt-a-Tree Programme

The **Bhoomithrasena Club**, in association with the **Research Department of Botany, MES Asmabi College, P. Vemballur, Kodungallur**, organized an **"Adopt-a-Tree Programme"** on **15 June 2026** in the college campus. The programme was conducted with the participation of **16 final-year B.Sc. Botany students** to promote environmental awareness and encourage students to contribute to campus greening.

As part of the programme, each student planted and adopted a tree sapling at designated locations within the campus. The students were guided on proper planting techniques and the importance of protecting and nurturing the saplings for their healthy growth. The programme successfully instilled a sense of environmental responsibility among the participants and contributed to enhancing the green cover of the campus. Students pledged to take care of their adopted trees, making the initiative a meaningful step towards biodiversity conservation and sustainable campus development.

Karkidaka Masacharanam 2026

The Research & PG Department of Botany, M.E.S. Asmabi College, P. Vemballur, in association with the Bhoomitrasena Club and UGC Initiatives, organized Karkidaka Masacharanam 2026 on 10 August 2026 at 10:30 a.m. in the Botany Lab. The programme was inaugurated by the Principal, Dr. Sameena Kalathodi. The programme aimed to create awareness among students about the health, cultural and traditional significance of the Karkidaka month, with special emphasis on traditional medicinal plants and indigenous knowledge. As part of the programme, an exhibition of Dasapushpa, an exhibition of common medicinal plants used in Karkidakakanji, and a demonstration and preparation of Karkidakakanji were conducted. The medicinal properties and traditional uses of the plants and ingredients used in Karkidakakanji were explained to the students, providing them with an opportunity to understand the importance of traditional healthcare practices and plant-based knowledge. In connection with the observation of Karkidaka Masacharanam, the Department of Botany, in association with the Department of Malayalam, conducted a Ramayana Quiz. The quiz witnessed enthusiastic participation from students. The First Prize was jointly won by Aparna S. S. and Swathy Surendran of III DC Aquaculture, while the Second Prize was secured by Fathimathul Rabeeha K. A. and Shifana Sherin K. of III DC Botany. The programme helped students appreciate Kerala's rich traditional knowledge, the importance of medicinal plants, and the cultural heritage associated with the Karkidaka month. Overall, the Karkidaka Masacharanam programme was successfully conducted with active participation and served as an effective platform for connecting botanical knowledge with Kerala's traditional practices and cultural heritage.

REPORT ON WORLD OZONE DAY 2026 – EDUCATIONAL DOCUMENTARY SCREENING

Research & PG Department of Botany

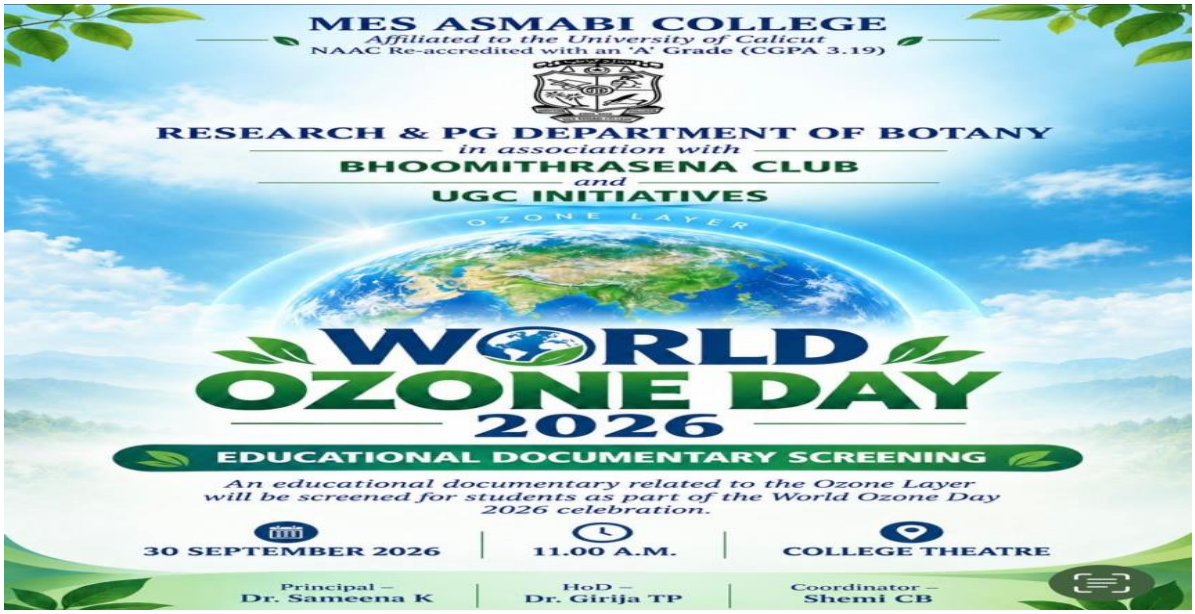

MES Asmabi College, P. Vemballur

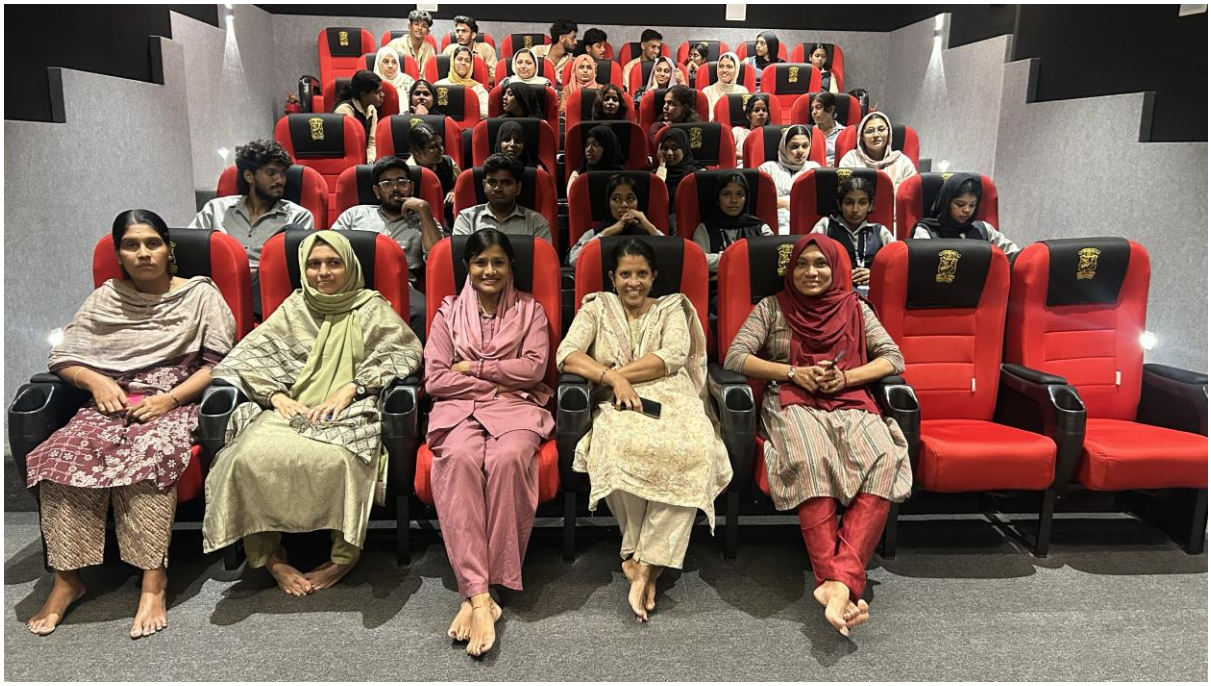

The Research & PG Department of Botany, in association with the Bhoomithrasena Club and UGC Initiatives, organized an Educational Documentary Screening as part of the World Ozone Day 2026 celebrations on 30 September 2026 at 11.00 a.m. at the College Theatre.

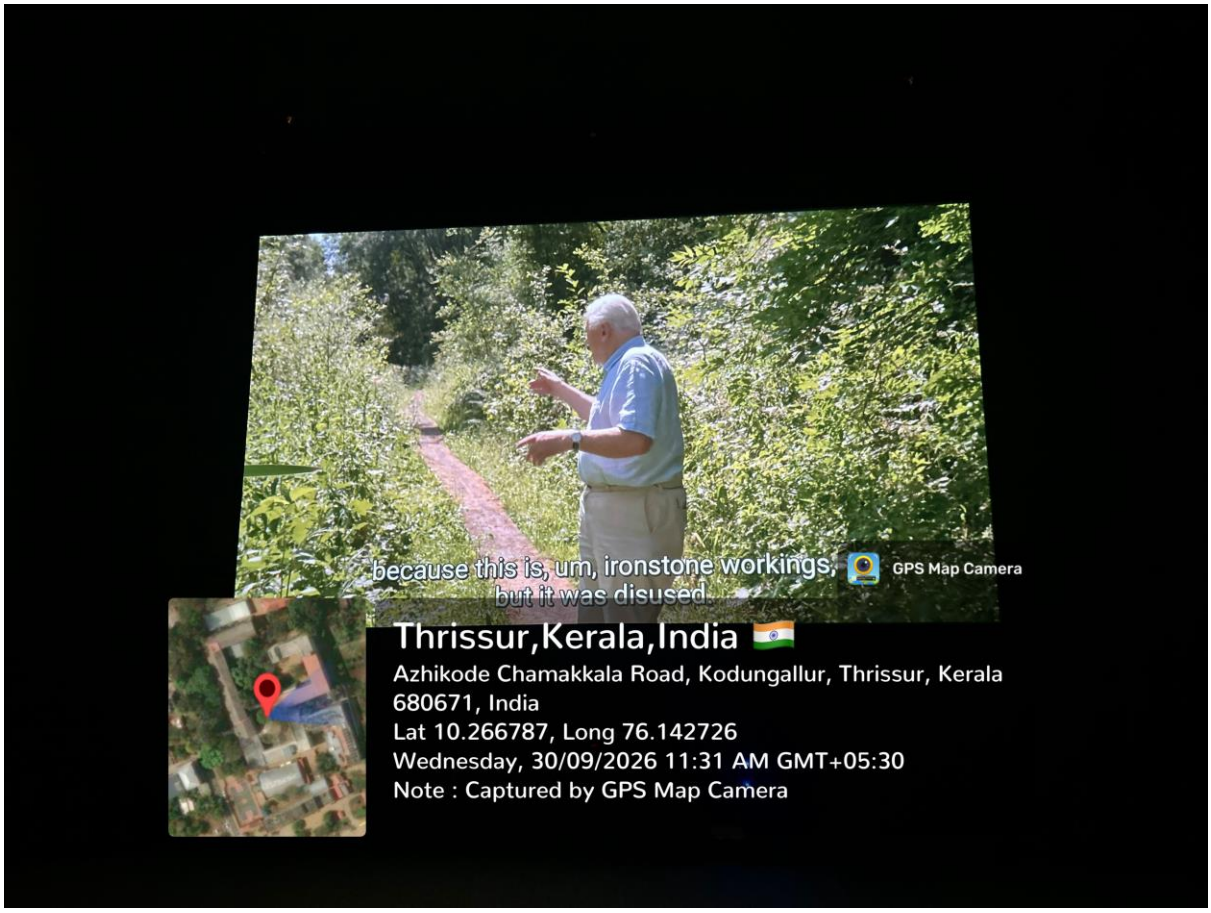

The programme was organized to create awareness among students about the importance of the ozone layer, its role in protecting life on Earth from harmful ultraviolet (UV) radiation, and the environmental challenges associated with ozone depletion and climate change.

As part of the programme, the educational documentary *A Life on Our Planet* was screened for the students. The documentary provided students with an engaging visual understanding of environmental changes, human impacts on the natural environment, biodiversity loss, climate change, and the importance of adopting sustainable practices. The screening encouraged students to reflect on the need for environmental conservation and responsible human actions.

A total of 34 students from the Department of Botany participated in the documentary screening. The programme provided an effective platform for students to enhance their environmental awareness and understand the interconnectedness of the atmosphere, climate, biodiversity, and human well-being. The activity successfully contributed to the objectives of World Ozone Day by promoting environmental education and encouraging students to become responsible participants in the protection of the environment.
