Date: 20 August 2025

Time: 02.30 pm

Platform/Venue: Old Seminar Hall

Inaugural Address: Dr.Sanand C Sadanandkumar

Program Schedule

Inauguration	10.30 am – 1.30 pm
Principal : Dr. Sanand C Sadanandan	

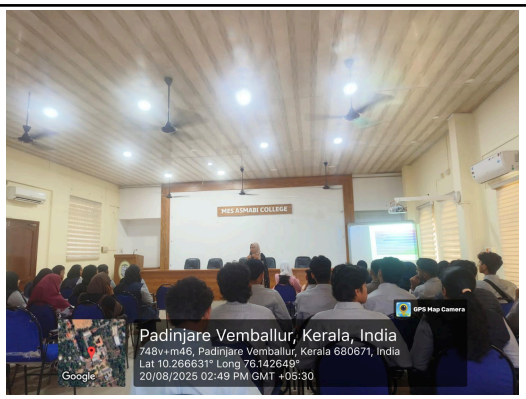

Report on EDU LIFT: Scholarship Orientation Programme for First Year UG Students (Aided)

The EDU LIFT: Scholarship Orientation Programme for First Year Undergraduate Students (Aided) was successfully organized by M.E.S. Asmabi College, P. Vemballur. The programme was conducted on 20 August 2025 at 2:30 PM in the Old Seminar Hall of the college. The session was arranged with the objective of familiarizing newly admitted aided stream students with various scholarship opportunities, eligibility criteria, application procedures, and the importance of timely submission of documents.

The programme commenced with a warm welcome to the participants, including first-year undergraduate students, faculty members, and administrative staff. The event was coordinated under the guidance of the Internal Quality Assurance Cell (IQAC), and Coordinator Ms. Farisha V M added significance to the occasion and reflected the institution's commitment to student welfare and academic support.The highlight of the programme was the informative session delivered by the resource person, Mrs. Ummu Habeeba K, Assistant Professor, Department of Botany. In her address, she emphasized the crucial role of scholarships in supporting students' academic journeys, particularly for those from economically disadvantaged backgrounds. She provided a comprehensive overview of the different types of scholarships available to aided stream students, including government scholarships, merit-based schemes, and need-based financial assistance programmes.

Mrs. Ummu Habeeba explained the eligibility requirements, documentation procedures, and application timelines in a clear and systematic manner. She guided students on how to access official scholarship portals, fill out application forms accurately, and upload necessary documents such as income certificates, community certificates, bank details, and academic records. She also highlighted common mistakes made during the application process and offered practical suggestions to avoid delays or rejection of applications.An interactive segment followed the presentation, during which students actively raised queries related to eligibility, renewal procedures, and deadlines. The resource person addressed each question patiently, ensuring that students gained clarity and confidence regarding the scholarship application process. The discussion fostered awareness and motivated students to make informed decisions about financial aid opportunities.

Overall, the EDU LIFT Scholarship Orientation Programme proved to be highly beneficial and informative for first-year aided students. It enhanced their understanding of available financial support systems and equipped them with the knowledge required to successfully apply for scholarships. The programme reflected the institution's dedication to promoting educational accessibility, student empowerment, and academic success.
